## PRINT & DISPLAY

# MEDIA WALLS & BACKDROPS
PRODUCT CODE: M_WALLS

Available in curved or straight configurations, C Results Media Walls are lightweight, strong and fast to assemble. We offer a range of sizes, and with single or double side printing.

Our systems use a strong tubular aluminium frame with a fabric "sock" stretched over the frame. The sock is secured with the use of a zipper to create a simple, functional display wall that is also budget friendly.

We can supply media walls as straight or curved, with single lengths up to 6m to create a large media wall or to suit trade show schemes. If you need to update the backdrop in the future we can also re-supply a new sock as required.

Media walls can be supplied with a LED lighting system mounted at the top of the backdrop to enhance backdrop visibility in low light.

| + PRODUCT DETAILS | + STRAIGHT SIZES | + CURVED SIZES |
|---|---|---|
| • Single sided or double sided prints | • 3 x 3 (2440 x 2280) | • 2 x 2 (2500 x 2340) |
| • Set up time is around 5-10 minutes | • 3 x 4 (3030x 2280) | • 3 x 2 (3062 x 2340) |

**ARTWORK NOTES**

Artwork setup CMYK as the printing is full colour process. Colour printed with ink on different media look different to the colours displayed on your computer screen. Please embed all images and make sure they are clear enough at printing size.

If you require a Pantone Match, then please provide relevant PMS details and we will endeavour to match as close as possible. A perfect match can not be guaranteed.

☐ CMYK
☐ Pantone Match Please Specify: _____

This proof is for your careful approval prior to production. Please check thoroughly as the responsibility for its accuracy rests with you... Our valued client.

**BLEED**
This is the excess material that gets printed to allow for an edgeless print, with no colourless edges.

**FINISHED SIZE**
This is the size of the finished flag excluding the flag sleeve all stitches will go across.

**SAFE AREA**
In order to avoid vital artwork from being cut-off during sewing please keep all text and logos inside the dotted line.

**UNPRINTED**
This is the excess of the material that will not be visible. This remaineder of the material will be hidden in the base
